PUNISHING NEWSPAPERS.

Congress has increased the postal rates, established a zone system that places an impossible burden on publications of country-wide circulation and refused to appropriate a dollar for advertising in the newspapers or magazines, but has authorized millions of dollars to be spent in posters, circulars, bulletins and other forms of advertising. The Canadian government, instead of such wasteful methods as have been adopted by our government, used the advertising columns of the Canadian newspapers to the extent of hundreds of thousands of dollars. There is not a mail that comes to the Herald office that does not contain from two to twelve requests from various departments of our government asking the publication of special bulletins. Federal officers have no source for making their purposes of activities known except through voluntary and free publication by the newspapers of whatever matter they desire to have reach the public. Our government pays for food, munitions of war, horses, everything but publicity through the newspapers, and congress seems to be bent on destroying them.—Lexington Herald, F

With a million and a half fresh troops, red-blooded Americans, backing up the French and British, the Kaiser need not make his plans for a peaceful winter in the old Hindenburg line, or any other old line. The Allies are likely to eat Christmas dinner on the banks of the Rhine.

Abolition of open sugar bowls in restaurants and hotels since the beginning of the sugar shortage has resulted in the saving of many tons of sugar—approximately half a pound a month for every customer, according to a statement by the Federal Food Board.

President Wilson returned to Washington Tuesday morning after his brief vacation on the Massachusetts coast as the guest of Col. E. M. House. The special train carrying the party arrived at 8:36 a. m., and the President and Mrs. Wilson went immediately to the White House.

It is estimated that 3800 Kentucky boys will register Saturday. One of them is in the Kentuckian office, of course. Every draft so far has hit us.

"A SPLENDID TONIC"

Says Hisson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hisson, Tenn.—"About 10 years ago I was... says Mrs. J. B. Gadd, of this place. 'I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side...'

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, dizziness, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

RESOLUTIONS.

Whereas God in his unerring Providence has removed by death from our church Dr. J. D. Clardy, one of our deacons and useful members.

Be it Resolved, that we as a church bear testimony to his wisdom in counsel, his fidelity in service, and his loyal devotion to the truth as it is in Christ Jesus.

Resolved in the second place, that we express our appreciation of the love he bore for his church and for all the interests of God's Kingdom in the world.

Resolved furthermore, that we express to his loved ones our abiding sympathy and love, and that we assure them that he will be forever enshrined in our heart of hearts.

Resolved in the last place, that a copy of these resolutions be placed upon the church records, that a copy be furnished the family, and also that a copy be given to the press.

There is more Catarah in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarah is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarah Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarah Medicine fails to cure. Send for circulars and testimonials.

60 PRUSSIANS

AWAIT CAPTURE

AMERICANS, TIPPED OFF BY 1

OF THEIR NUMBER, WENT

OUT AND GOT THEM.

(By Associated Press.)

With the American Army on the

Veale Front, Aug. 20.—Sixty Prussians have been taken prisoner by the Americans near Flamette, north of Fines, without either side firing a shot. The Prussians were machine gunners and all that remained of a company which had been in line less than a month.

American detachments went out a few nights ago, the location of the machine gun positions having been reported by a prisoner. According to the Americans, the Prussians were waiting to be taken prisoner. The intelligence officer who questioned the Prussians asserted that they nearly all had agreed to surrender if the slightest occasion arose.

The Americans do not claim any credit for the capture, claiming that the Prussians practically deserted their post.

A German prisoner taken Sunday told an intelligence officer that he believed that if the battle line recedes to Germany proper the fighting spirit of the German soldiers will be greatly stimulated.

PROTEST USE OF THE AMERICAN SHOTGUNS.

(By Associated Press.)

Stockholm, Aug. 21.—German war correspondents report to their newspapers that they inspected guns taken from the 77th American Regiment and found them to be shotguns, each carrying five cartridges loaded with buckshot. They declare that the use of such guns is contrary to the Geneva convention.

It is well known that certain troops of all armies are equipped with shotguns for police duty behind their own lines. It is customary to use shotguns for arming patrols who guard prisoners and do similar duty because it has been found that the use of the high-powered fighting rifle for that purpose is dangerous.

It is contrary to the Geneva Convention to use shotguns in actual combat, just as it is a violation of the convention to use explosive bullets, liquid fire, poisonous gases and instruments of a barbarous nature, all of which actually have been employed by the German troops in the fighting.

Early in the war, before the United States entered, one of the protests against Great Britain which the German Government made to the United States was that the British army had bought a large supply of shotguns and buckshot cartridges in the United States. It was shown conclusively that the arms were being used in a manner common to all armies and not in violation of any of the laws of humanity or nations.

GOT THREE FOES

IN TWENTY SECONDS.

Paris, Aug. 21.—Lieut. Rene Fonck, the famous French aviator, who shot down three German airplanes on Aug. 14, as announced officially Sunday, accounted for all three of them in the record-breaking time of twenty seconds.

Fonck went out escorted by two patrolling machines. After cruising for ten minutes he saw four enemy two-seater battle planes flying in Indian file with only a few hundred yards between each. The French flier fell upon the first enemy machine with his machine gun and it fell in flames in ten seconds. Later he got his sights on the second machine with the same result. The third dodged sideways before Fonck could take aim and escaped, but by swift turn he dashed at the fourth airplane and sent it down to join the first two.

Lieut. Rene Fonck, recognized as the greatest French air fighter since Capt. Guynemer, is credited with bringing down sixty
